

# Welcome

Saint Catherine Medical Center Fountain Springs Occupational Medicine Program specializes in the evaluation and treatment of medical conditions related to work, including pre-employment screenings and periodic medical examinations, drug and alcohol testing, and treatment of Worker's Compensation injuries.

Our team of medical professionals offers the highest quality services to you and your employees, with personal attention to every detail of your company's medical needs. Our goal is to partner with you to prevent injuries, to assure your employees receive the best possible medical care if they are injured, and to minimize disability as a result of such injuries.

Everything we do is directed at assisting our patients to heal their injuries and return to full and normal function at home and at work as quickly as possible. Appointments can be scheduled by calling (570) 875-5911 or (570) 875-6835, or employers may refer employees for evaluation and treatment when needed.
